

Meiling Xiè - *Illinois, US*

23 year old data science student

Brief summary

Meiling is a data science major with a love for tinkering with statistics and data wrangling. He is also an avid fitness practitioner and enjoys everything from rock climbing and martial arts to running and going to the gym.

Workout app features

Likes

- A lot of customization options.
- Having access to his workout data.
- Being able to save his workout and exercise templates for re-use instead of having to type them out every time.

Dislikes

- Apps with all white color themes. It strains his eyes.
- Videos auto-playing in apps. Eating up bandwidth and slowing things down.
- Limiting options for recording his workouts.
- Ads - Would rather pay a small fee to use the service.
